

I am writing to you today in hopes that you can understand the impact of losing KLove would be to me and my family. I have been a financial supporter of KLove music for several years. My children and I listen to KLove on the radio, daily as well as on the computer. This station has provided my family a listening experience where I don't have to worry that they will hear foul language or distasteful things that small children shouldn't be hearing.

Another point is that this would affect my community. There are several other KLove listeners in the Rocklin, Ca area. And one of the buildings for KLove is also located in Rocklin. I think that the community benefits greatly from listening to Christian music. I also think that if KLove was affected by LPFM there may be lost jobs. Not only locally but internationally. Do you know that KLove reaches listeners internationally? What would LPFM do to those listeners?

I believe that the service KLove provides is two-fold! They provide a better listening experience to families and children than secular radio stations! The second reason is that KLove reaches out to the unchurched and helps them incredibly!

This radio station has actually saved the lives of many who were so depressed that they contemplated taking their own lives!

My hope is that you leave KLove just as it is and continue to support a POSITIVE AND ENCOURAGING radio station for all to hear!

Thank you,  
Lisa Webster
